

GXG Susupension

7 August 2015

The directors are disappointed to note that GXG Markets have chosen to suspend trading in the company's debentures as a result of the Company complying with the market rules.

A number of debenture holders have requested that their interest is reinvested in new debentures which the Company has done and in accordance with market rules announced the allotment.

Given the instruction from GXG that no new securities will be admitted to the market this caused the market regulators to suspend trading.

The Company is not alone in being caught by this catch 22 and it is no reflection on the trading position of the Company

The directors are actively working to try to ensure that a quotation is obtained on an alternative market at the earliest possible time and that trading is able to recommence.

The Directors of the Issuer accept responsibility for the contents of this announcement.
