The Exchange Stock is secured over the assets of the JLG Group Plc and its subsidiaries ("the Group") but the this security is subordinated to the Senior Facilities and the Security granted in favour of Senior Lenders, if any. This means that, in the event of a default, the Senior Lenders would have first recourse to the assets of the Group.

In addition, the Exchange Stock enables a change of control of the Group without accelerating maturity of the Stock as well as providing the Group with the freedom to make further or fungible issues of debentures, whether Exchange Stock or otherwise, subject to the terms of the subordination arrangements with any Senior Lender.

The Existing Stock and the Exchange Stock are quoted separately on the Emerging Companies Market of the Cyprus Stock Exchange.
